Fall Gift Basket Give-a-way!!!

Between October 12th and November 28th any customer that spends more than \$50 in the store will receive one RAFFLE Ticket entry into our Fall Gift Basket Give-a-way featuring American Crafts Products. There will be second and third prize gifts as well, including a NEW Magnetic Mat with Twist Trimmer Combo Pack! To see these new products, stop by the store and give it a try!

Any customer that signs up for a class (regardless of the class price) will earn one entry into our drawing. For this drawing the customer does NOT have to be present to win! The drawing will be at The Mad Scrappers on **November 28th at 5:00 pm** and the winner will be announced that evening via our e-mail newsletter. **The winner must claim (via phone) the gift by December 5th** and can pick up the gift basket at their convenience. If the basket is not claimed by December 5th, we will draw again!

Melting Pot Magic Basics and Advanced

What is the Melting Pot you ask? Well it is a wonderful tool to help you create endless possibilities with UTEE, (Ultra Thick Embossing Enamel). Join Ranger Certified Instructor Susan Johnson where you will be introduced to the basics of using a Melting Pot while using molds, red rubber stamps, learning faux soldering, creating jewelry and much more!

Please Bring: Scissors, Paper Trimmer, Heat Tool and Dry Glue such as Mono Adhesive. There will be a selection of red rubber stamps for the class but you can bring your own. If you bring your own please bring red rubber background stamps. (think swirls, argyle, etc.)

Cost: \$35 per student **Mad Scrappin' Scientist:** Susan

Adobe Photoshop Elements Class Part 2!

****Pre-requisite: Photoshop Elements Class Part 1**

Part I of this class provided you with the basics of this powerful photo-editing program. In part 2, we will learn more tools, i.e. teeth whitening, sharpening, adding text to an image, converting photos to black & white and sepia, and resizing images for use on the web or e-mail. We will also be creating a CD mini album called “Notes to Self” which will allow you to practice using all of the tools you have learned! Since the class is from 10:00 – 2:00 pm, please bring snacks for lunch! **Please Bring:** LAPTOP with Adobe Photoshop Elements 4.0 or higher installed. If you don't have access to a laptop, let us know and we will provide one for you to use during class. **Cost:** \$45 **Mad Scrappin' Scientist:** Terri

Adobe Photoshop Elements Class Part 3!

****Pre-requisite: Photoshop Elements Class 1 and 2**

Learning the Straighten Tool, sharpening, creating photo gatherings, printing with white text, blurring the background, and using brushes. Printing out several photos on one sheet of paper (photo gathering) and printing in white text.

Please Bring: LAPTOP with Adobe Photoshop Elements 4.0 or higher installed. If you don't have access to a laptop, let us know and we will provide one for you to use during class.

Cost: \$45 **Mad Scrappin' Scientist:** Terri

Adobe Photoshop Elements Class Part 3!

****Pre-requisite: Photoshop Elements Class**

Part 1 and 2

Learning the Straighten Tool, sharpening, creating photo gatherings, printing with white text, blurring the background, and using brushes. Printing out several photos on one sheet of paper (photo gathering) and printing in white text.

Please Bring: LAPTOP with Adobe Photoshop Elements 4.0 or higher installed. If you don't have access to a laptop, let us know and we will provide one for you to use during class. **Cost:** \$45 **Mad Scrappin' Scientist:** Terri Porter

Adobe PSE Class Part 4: Photo Phanatic

****Pre-requisite: Photoshop Elements Class 1 and 2**

Those of you who have taken classes from Terri know that she is not a digital scrapper. She loves her chipboard and ribbon waaaay too much! But she also is a bit of a techie and loves to add little digital elements into her layouts. In this class she will be teaching you how to use digital templates to scrapbook all those photos that keep piling up. Once your photos are loaded into a template, it is simply a matter of printing them all out into one photo block and placing it on your page. Imagine a layout where you can include 10-12 photos or more and print them onto one easy to use photo block. Add some embellishments and you're done!

We will be providing you with a template in class that you can load onto your computer and use over and over. We will also be giving you information on where you can download an infinite number of templates (mostly free!) from the internet. Bring a laptop to class loaded with the five photos you want to use on your layout. You do not need to worry about resizing them, but do check the sample layout so you can choose photos of the correct orientation (horizontal, vertical or square). We will provide you with everything else you need to create this page and help you master this easy and efficient way to "hybrid" scrap your photos.

Please Bring: LAPTOP with Adobe Photoshop Elements 4.0 or higher installed. If you don't have access to a laptop, let us know and we will provide one for you to use during class. **Cost:** \$40 per student
